

A New Way To Lower Your Carbon Footprint

Our growing selection of products from your favorite brands are certified carbon-neutral through a combination of preferred materials and carbon offsets.

How We Get To Carbon Neutral

Reduce

We lower our initial impact by using at least 50% preferred materials in all C-FREE styles.

Measure

We calculate the carbon emissions generated during the product life cycle.

Neutralize

We purchase carbon offsets that remove an equivalent amount of emissions elsewhere in the environment.

Learn more about carbon offsets and the projects our C-FREE products support.
